

TO LEARN  
AND  
TO CARE

# The Bromfords Sixth Form College

*To Learn and To Care*

# Welcome

**The Bromfords School and Sixth Form College offers a supportive and inclusive learning environment.**

Our Sixth Form prides itself on providing students with a bespoke curriculum tailored to their individual needs. The primary aim of the Sixth Form is to deliver excellent academic students, which enables them to successfully pursue their next steps in education, employment or training.

Our personalised approach ensures that our students meet their academic goals whilst developing a lifelong love of learning, caring and being active citizens within our local community.

**Ms Laura Petch**  
**Head of Sixth Form**

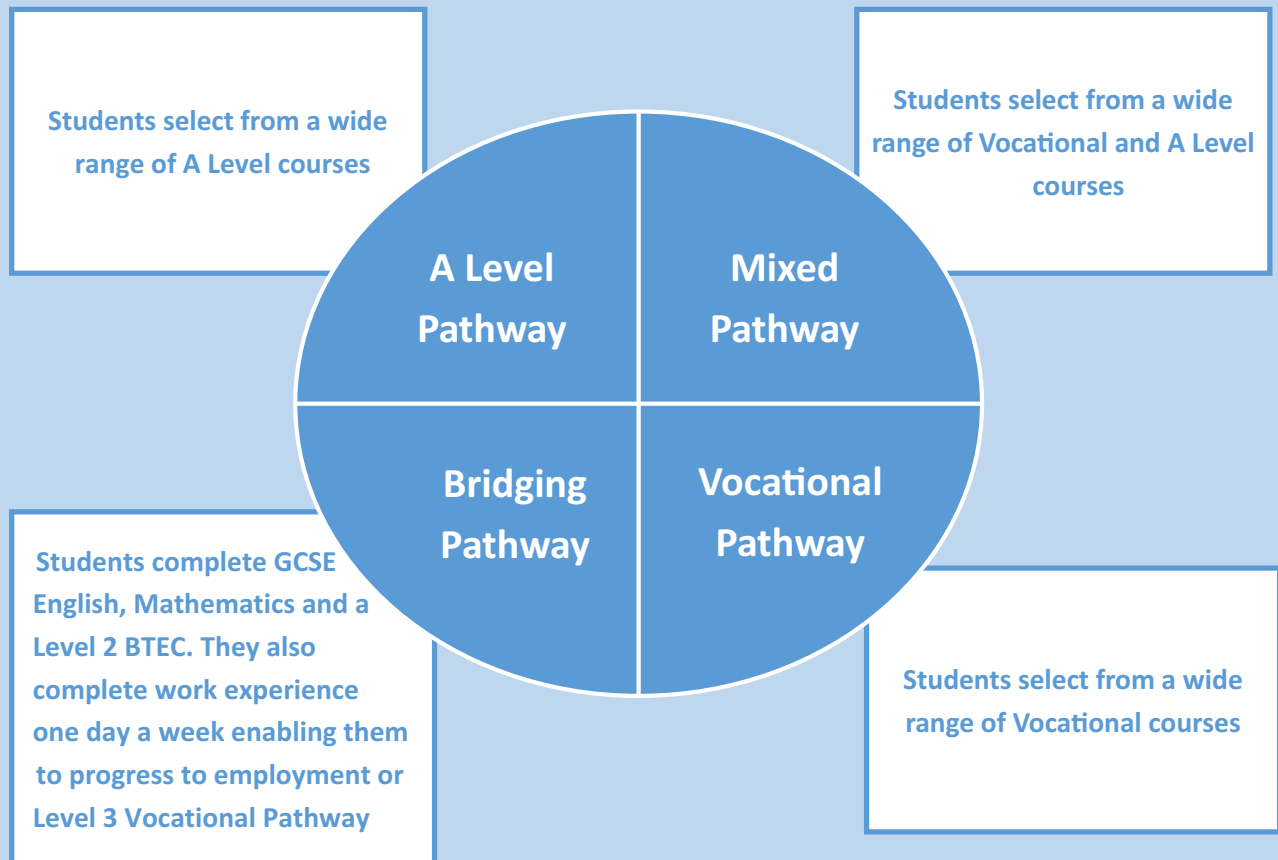

“Bromfords is a very supportive and friendly place to study with excellent teaching staff and a strong Senior Leadership Team there to help you every step of the way, whether it’s getting you through your exams or helping you apply to university or employment. I couldn’t have got into the university without them.”

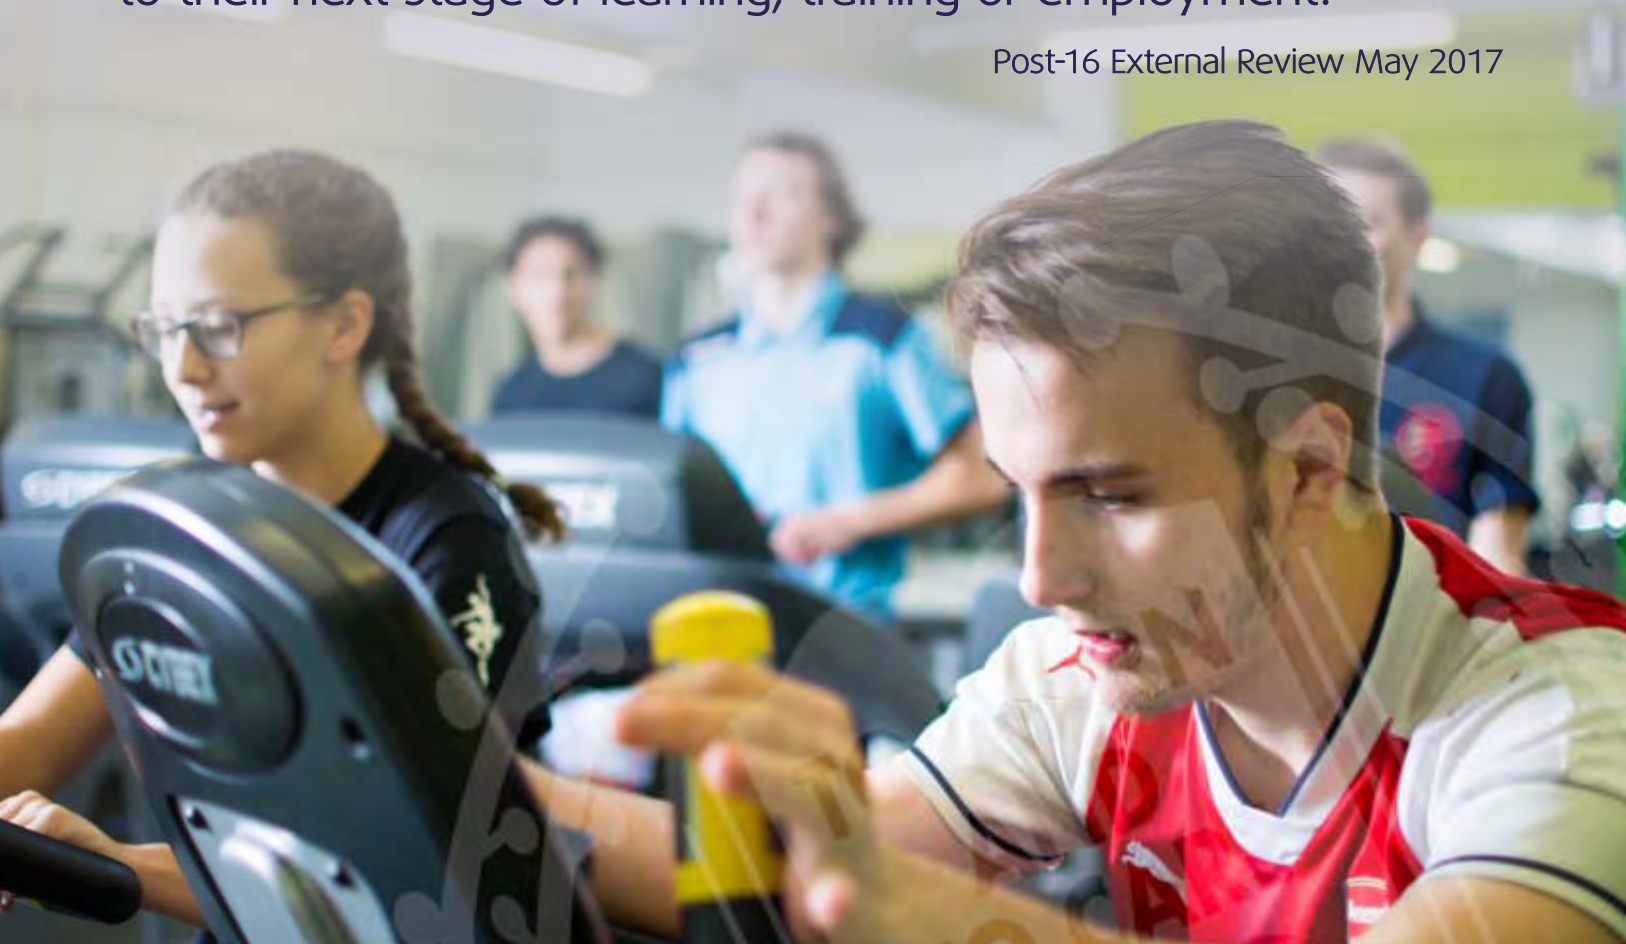

Sixth Form Student

## Bromfords Curriculum Map 2020

“The Sixth Form offers tailored learning programmes that allows students of a wide range of ability to succeed and to move on to their next stage of learning, training or employment.”

Post-16 External Review May 2017

# Admissions...

We recognise that choosing your post-16 provider is a really important decision. We offer an individual meeting to discuss the most suitable courses. At the meeting subject choices, progression routes, guidance and accompanying documentation will be completed. Parents/carers are also welcome to attend this meeting.

To express an interest in joining our Sixth Form or to book an admission appointment, please email the Sixth form Co-ordinator, Aaron Rowswell with your child's name, your phone number and any other relevant information regarding their application: [sixthform@bromfords.essex.sch.uk](mailto:sixthform@bromfords.essex.sch.uk)

“Students are supported robustly in their learning (with early identification and intervention in place) and are highly effectively supported in the areas of attendance and completion of work.”

Post-16 External Review May 2017

“The personal qualities that pupils develop make a significant contribution to their good progress and social achievement.”
